Ashish Ranjan

aashishrn29@gmail.com | 9911290188

Achievements
-> 79 rank(team) in ACM ICPC Gwalior region(2018)
-> Smart India Hackathon qualifier(team), among 32 teams under innovative category

Projects

Text Editor in C

For Linux | https://github.com/aashishrn/TextEditorInC

Written completely in C, capable of editing any text file, syntax highlighting(C Style), word search, word counting, saving file. No additional dependencies, just C compiler.

Twitter Sentiment analysis

Python 3 | https://github.com/aashishrn/twitter_sentiment_analysis

Using TextBlob library and twitter API, desired number of tweets are analysed based on key-word provided by user. Polarity of tweets are found out.

EDUCATION

National Public School, Ghaziabad

High School (10th), 2014: 9 CGPA

Intermediate(12th), 2016: 88%

Institute of Engineering and Technology, Lucknow

2017-2021
Computer Science and Engineering
5th Semester
Average CGPA till current semester: 8.35

Link to relevant certificates

SKILLS

C

C++

Python 3

Machine Learning, Deep learning

Data structure and Algorithm

Competitive coding

Courses

Data Structure, Coursera

https://www.coursera.org/account/accomplishments/certificate/ZTTQNYJTDRXM

Deep Learning, from deeplearning.ai, Coursera.
https://www.coursera.org/account/accomplishments/specialization/Q4226AMA8FPL   It included 5 courses -> (1)Neural network and deep learning -> (2)Improving deep learning networks -> (3)Convolutional neural networks -> (4)Sequence Models -> (5)Structuring Machine Learning Projects

Machine Learning Summer Training at CETPA. Application of various ML algorithms on publically available datasets.
